sustainable environment, education & development

**Senior Project Development Officer**  
**(Environment, Conservation and Sustainable Livelihoods)**  
**Madagascar**

**About the organisation:**

SEED Madagascar is a British Charity working in partnership with communities in the south east of Madagascar. We integrate high quality community health, sustainable livelihoods, education infrastructure and conservation programmes to support long term, sustainable change and add to international best practice through research and publication across all of our programmatic areas. We are now looking for entry level officers and managers to work alongside national staff and expand our team.

**Position Overview**

Based in the coastal town of Fort Dauphin in the southeast of Madagascar, this post will provide support to the environment, conservation and sustainable livelihoods projects run through the NGO. The successful candidate will work within a combined Malagasy and international team to assist in providing support in developing projects, writing proposals to secure funding, supporting with the implementation of projects and evaluating their success. The role will also provide support and guidance to other PD interns and Officers in the Department and aid in the day to day support of the wider International team. The role is predominantly office-based, and the diversity of activities undertaken will provide a wide-ranging experience for a development professional who can effectively and efficiently deal with a comprehensive range of tasks related to the complex world of overseas development work.

Provision of advice and support in the development of projects including: funding searches; preparation and editing of funding proposals; preparation and editing of reports for external stakeholders; monitoring and evaluation of current projects; researching international best practice; liaison with the London project development team and local staff; and support and mentoring of Interns and Officers.

## **Core Duties**

1. Managing pieces of long term project work that require a higher level of expertise and experience across the Department
2. Working alongside the Head of PD in problem solving and providing additional support in line with emerging issues from project implementation
3. Supporting PD Officers and Interns in compiling funding proposals based on past evaluation, team discussion and international best practice in an engaging and professional manner
4. Supporting PD Officers and Interns in writing project reports that clearly demonstrate the successes and challenges of the projects, learning from the project and providing clear budgetary information
5. Supporting the Head of Project Development in proof reading the written work of PD Officers and Interns where required, and providing detailed, constructive feedback
6. Working alongside the Head of Project Development and Head of Finance in developing and managing the budgets relating to projects
7. Assisting departmental MEL specialists in developing MEL tools and analysing data, delivering relevant training and implementing these programs in the field whilst assimilating best practice and lessons learnt.
8. Supporting the development of Project Development procedures and guidelines and providing project specific information to inform policy development across the organisation
9. Working with the PD Officers and interns to ensure that statistics, research, funding trackers, photo database and handovers relating to the projects are accurate
10. Overseeing the website and social media content for the environment, conservation and sustainable livelihoods projects undertaken through this role
11. Working with the Malagasy team in increasing their skills and capacity, providing mentoring or training where appropriate
12. Supporting the Head of Project Development in delivering orientations for new PD Officers and Interns
13. Taking an active role in project management meetings, leading discussions and standing in for the Head of PD where appropriate
14. Forming part of the team representing projects or SEED when required
15. Liaising with the UK team in London ensuring clear communication at all times
16. Taking an active part in international team meetings and the support of other members of the team
17. Completing any other tasks required by the Head of Project Development or Director of Operations and Heads of Departments commensurate with this role.
